WASTE WATER

### Treatment Ponds

✓ Sunlight kills germs in sewage

**NO SWIMMING**

Report overflows to your service provider

Keep fence gate locked at all times to keep out animals and children

Check fence each week for holes

Remove vegetation around fences

Clear edges so grass doesn't grow and mosquitoes don't breed

From community water supply

Locate ponds at least 2km away from water source and community

## Your water supply system

Putting your system in

Keeping your system going
