Nexia Edwards Marshall

The financial statements cover Water Research Australia Limited as an individual entity. The financial statements are presented in Australian dollars, which is Water Research Australia Limited's functional and presentation currency.

Water Research Australia Limited is a not-for-profit unlisted public company limited by guarantee, incorporated and domiciled in Australia.

A description of the nature of the company's operations and its principal activities are included in the directors' report, which is not part of the financial statements.

The financial statements were authorised for issue, in accordance with a resolution of directors, on 6 September 2022.

The Board of Directors of Water Research Australia Limited has pleasure in presenting this report for the financial year ended 30 June 2022 to the members of Water Research Australia.

The Board

Amendments to the Water Research Australia Constitution, as endorsed by Members in June 2021, state the Board of Water Research Australia is a representative board comprising 9 Directors:

- An independent non-executive Chair elected by Members
- Up to three Directors, who must be employed by a Utility, being nominated by the Industry Members and voted to that position by the Members
- Up to two Directors, who must be employed or engaged by a University being nominated by the Research Members and voted to that position by the Members
- One Director, who must be employed by an Industry Member (who may also be a Utility) or employed or engaged by a Research Member (who may also be a University), being nominated, in the case of a nominee of the Industry Members, by the Industry Members and, in the case of a nominee of the Research Members, by the Research Members and in all cases voted to that position by the Members
- Two independent non-executive Directors elected by the Board

The Chair and Independent Directors are paid positions appointed for terms of three years, while other non-executive Directors serve terms of three years in a voluntary capacity.

The Chair, Mr Mark Gobbie was appointed on 28th October 2020, following a resolution of the Members at the 2020 Annual General Meeting ('AGM'). The Independent Director, Mr Ken Murphy was appointed following a resolution by the Board in August 2016 and commenced at the 2016 AGM. At the April 2018, February 2020 and September 2021 Non-Executive Directors meetings, the Board resolved to reappoint Mr Ken Murphy for a further terms ending at the 2022 AGM. At the April 2022 Non-Executive Directors meeting the Board resolved to reappoint Mr Ken Murphy for a further 3 year term ending at the 2025 AGM.

WaterRA Committees

The Strategic Advisory Committee has no formal decision making powers but provide expert, balanced and timely advice to the Board and management on a wide range of urban, regional and remote water issues that have strategic implications for Water Research Australia research programs and activities.

The Board also has two Sub-committees - the Risk & Audit Committee and Human Resources Committee - that provide an important assurance that key areas (Finance, Human Resources and Risk Management) of the Board's duties will be rigorously discharged. The Risk & Audit Committee non-Board Member was reappointed by the Board for a one-year term ending April 2023. A second non-Board member was appointed in December 2020 and their term ended at the 2021 AGM. A non-Board Member was appointed to the Human Resources Committee in June 2021.

In addition to these advisory and sub-committees of the Board, two management committees - the Project Review Team and the Education Committee - provide advice and support to the CEO and staff and make recommendations to the Board on specific research program issues.

Directors

The names and details of the company's Directors in office during the financial year are as outlined overleaf. All Directors were in office for the entire year unless otherwise stated.

More detailed biographies for Directors' can be found on the Water Research Australia website www.waterra.com.au.

Meetings of the Board

During the 2021/22 financial year the Board met on six occasions for Board meetings and five occasions for Non-Executive Director meetings either face-to-face or via teleconference.

In addition, Directors also met on five occasions for the Human Resources Committee and on five occasions for the Risk & Audit Committee either face-to-face or via teleconference.

Company Secretary

Ms Michelle Pfitzner has been the Company Secretary from 13 August 2019.

Principal Activities

Water Research Australia's principal activities during 2022 were:

- Co-ordinating and managing high quality research on priority issues in water on behalf of the members of Water Research Australia and the Australian Water Community
- Facilitating knowledge transfer and uptake of outcomes of R&D into industry through workshops and members meetings
- Providing scientific evidence to underpin decision-making
- Build national water industry capability through the education program
- Promote the importance on the national agenda of safe water to the Australian Community by engaging with key decision makers within government and industry

Operating Results for the Period

The company's trading result for the year ended 30 June 2022 was a deficit of \$58,668 (2021: surplus of \$366,124).

The trading result for Water Research Australia as a whole can be considered as having two components:

- PART A A result of \$Nil for the 2022 financial year from revenue and expenditure acquitting commitments to research projects [2021 result of Nil] from cash reserves.
- PART B A deficit of \$58,668 for the 2022 financial year from the remainder of the Income Statement not related to acquitting commitments to research project expenditure [2021 surplus of \$366,124].

The company is a not-for-profit entity, registered as a charity and is exempt from income tax.

A detailed review of operations can be found in the company's 2022 Annual Report.

Cash and Project Commitments

At 30 June 2022 the company had cash at hand of \$7,664,896 (2021: \$6,819,632). At the same date Water Research Australia commitments to research projects plus external project funding held or received by Water Research Australia was \$38,826 (2021: \$159,388).

The cash commitments will be acquitted over the term of the research projects, with each project averaging a span of two to three years.

The Water Research Australia Board closely monitors its commitments to research projects relative to cash and working capital to assure that Water Research Australia's cash commitments to projects can be covered in full.

Members Liability on Winding Up

Each Member of the company undertakes to contribute to the company's property an amount as may be required not exceeding one hundred dollars if the company is wound up while it is a Member or within one (1) year after ceasing to be a Member, for payment of the company's debts and liabilities contracted before it ceased to be a Member and of the costs, charges and expenses of winding up and for an adjustment of the rights of contributories amongst themselves.

Dividends

No dividends were paid during the reporting period. The company is limited by guarantee and its constitution precludes the payment of dividends.

Share Options

The company has not granted options to any persons to have shares issued to them. The company is limited by guarantee and its constitution precludes the payment of dividends.

Significant Changes in State of Affairs

In the opinion of the directors there were no significant changes in the state of affairs of the company that occurred during the financial year under review not otherwise disclosed in this report.

After Balance Date Events

There has not arisen in the interval between the end of the financial year and the date of this financial report any item, transaction, or event of a material and unusual nature that in the opinion of the Directors is likely to substantially affect the operations of the company, the results of those operations, or the company's state of affairs in future financial years.

Environmental Regulations

The company is not particularly exposed of any environmental regulation. The Directors have not received notification nor are they aware of any breaches of environmental laws by the company.

Future Developments and Results

There are no significant changes in the state of affairs that are expected in the future which will affect the results and therefore require disclosure.

Indemnification and Insurance of Directors and Officers

Since the end of the previous financial year, the company has paid an insurance premium of \$13,425 in respect of directors and officers liability insurance contract for current and former directors and officers against all liabilities and expenses arising as a result of work performed in their respective capacities, to the extent permitted by law.

Auditors Independence

The auditor's independence declaration which forms part of the Directors reports for the financial year ended 30 June 2022 has been received and can be found following this report.

Signed in accordance with a resolution of the Directors.

Note 1. Significant accounting policies

The principal accounting policies adopted in the preparation of the financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

New or amended Accounting Standards and Interpretations adopted

The company has adopted all of the new or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period.

Any new or amended Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

The adoption of these Accounting Standards and Interpretations did not have any significant impact on the financial performance or position of the company.

The following Accounting Standards and Interpretations are most relevant to the company:

AASB 1060 General Purpose Financial Statements - Simplified Disclosures for For-Profit and Not-for-Profit Tier 2 Entities The company has adopted AASB 1060 from 1 July 2021. The standard provides a new Tier 2 reporting framework with simplified disclosures that are based on the requirements of IFRS for SMEs. As a result, there is increased disclosure in these financial statements for key management personnel, related parties, tax and financial instruments.

Conceptual Framework for Financial Reporting (Conceptual Framework)

The company has adopted the revised Conceptual Framework from 1 July 2021. The Conceptual Framework contains new definition and recognition criteria as well as new guidance on measurement that affects several Accounting Standards, but it has not had a material impact on the company's financial statements.

Basis of preparation

These general purpose financial statements have been prepared in accordance with the Australian Accounting Standards -Simplified Disclosures issued by the Australian Accounting Standards Board ('AASB') and the Australian Charities and Notfor-profits Commission Act 2012 and associated regulations and the Corporations Act 2001, as appropriate for not-for profit oriented entities.

Historical cost convention

The financial statements have been prepared under the historical cost convention, except for, where applicable, the revaluation of financial assets and liabilities at fair value through profit or loss, financial assets at fair value through other comprehensive income, investment properties, certain classes of property, plant and equipment and derivative financial instruments.

Critical accounting estimates

The preparation of the financial statements requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the company's accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements, are disclosed in note 2.

Revenue recognition

The company recognises revenue as follows:

Revenue from contracts with customers

Revenue is recognised at an amount that reflects the consideration to which the company is expected to be entitled in exchange for transferring goods or services to a customer. For each contract with a customer, the company: identifies the performance obligations in the contract; determines the transaction price which takes into account estimates of variable consideration and the time value of money; allocates the transaction price to the separate performance obligations on the basis of the relative stand-alone selling price of each distinct good or service to be delivered; and recognises revenue when or as each performance obligation is satisfied in a manner that depicts the transfer to the customer of the goods or services promised.

Note 1. Significant accounting policies (continued)

Variable consideration within the transaction price, if any, reflects concessions provided to the customer such as discounts, rebates and refunds, any potential bonuses receivable from the customer and any other contingent events. Such estimates are determined using either the 'expected value' or 'most likely amount' method. The measurement of variable consideration is subject to a constraining principle whereby revenue will only be recognised to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur. The measurement constraint continues until the uncertainty associated with the variable consideration is subsequently resolved. Amounts received that are subject to the constraining principle are recognised as a refund liability.

Sale of goods

Revenue from the sale of goods is recognised at the point in time when the customer obtains control of the goods, which is generally at the time of delivery.

Rendering of services

Revenue from a contract to provide services is recognised over time as the services are rendered based on either a fixed price or an hourly rate.

Interest

Interest revenue is recognised as interest accrues using the effective interest method. This is a method of calculating the amortised cost of a financial asset and allocating the interest income over the relevant period using the effective interest rate, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the net carrying amount of the financial asset.

Other revenue

Other revenue is recognised when it is received or when the right to receive payment is established.

Income tax

No income tax is payable by the company as it is a tax exempt body under the *Income Tax Assessment Act 1997*, as amended.

Current and non-current classification

Assets and liabilities are presented in the statement of financial position based on current and non-current classification.

An asset is classified as current when: it is either expected to be realised or intended to be sold or consumed in the company's normal operating cycle; it is held primarily for the purpose of trading; it is expected to be realised within 12 months after the reporting period; or the asset is cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least 12 months after the reporting period. All other assets are classified as non-current.

A liability is classified as current when: it is either expected to be settled in the company's normal operating cycle; it is held primarily for the purpose of trading; it is due to be settled within 12 months after the reporting period; or there is no unconditional right to defer the settlement of the liability for at least 12 months after the reporting period. All other liabilities are classified as non-current.

Deferred tax assets and liabilities are always classified as non-current.

Cash and cash equivalents

Cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Trade and other receivables

Trade receivables are initially recognised at fair value and subsequently measured at amortised cost using the effective interest method, less any allowance for expected credit losses. Trade receivables are generally due for settlement within 30 days.

The company has applied the simplified approach to measuring expected credit losses, which uses a lifetime expected loss allowance. To measure the expected credit losses, trade receivables have been grouped based on days overdue.

Note 1. Significant accounting policies (continued)

Contract assets

Contract assets are recognised when the company has transferred goods or services to the customer but where the company is yet to establish an unconditional right to consideration. Contract assets are treated as financial assets for impairment purposes.

Property, plant and equipment

Plant and equipment is stated at historical cost less accumulated depreciation and impairment. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Depreciation is calculated on a straight-line basis to write off the net cost of each item of property, plant and equipment (excluding land) over their expected useful lives as follows:

Computer equipment

2 years

The residual values, useful lives and depreciation methods are reviewed, and adjusted if appropriate, at each reporting date.

An item of property, plant and equipment is derecognised upon disposal or when there is no future economic benefit to the company. Gains and losses between the carrying amount and the disposal proceeds are taken to profit or loss.

Right-of-use assets

A right-of-use asset is recognised at the commencement date of a lease. The right-of-use asset is measured at cost, which comprises the initial amount of the lease liability, adjusted for, as applicable, any lease payments made at or before the commencement date net of any lease incentives received, any initial direct costs incurred, and, except where included in the cost of inventories, an estimate of costs expected to be incurred for dismantling and removing the underlying asset, and restoring the site or asset.

Right-of-use assets are depreciated on a straight-line basis over the unexpired period of the lease or the estimated useful life of the asset, whichever is the shorter. Where the company expects to obtain ownership of the leased asset at the end of the lease term, the depreciation is over its estimated useful life. Right-of use assets are subject to impairment or adjusted for any remeasurement of lease liabilities.

The company has elected not to recognise a right-of-use asset and corresponding lease liability for short-term leases with terms of 12 months or less and leases of low-value assets. Lease payments on these assets are expensed to profit or loss as incurred.

Intangible assets

Intangible assets acquired as part of a business combination, other than goodwill, are initially measured at their fair value at the date of the acquisition. Intangible assets acquired separately are initially recognised at cost. Indefinite life intangible assets are not amortised and are subsequently measured at cost less any impairment. Finite life intangible assets are subsequently measured at cost less amortisation and any impairment. The gains or losses recognised in profit or loss arising from the derecognition of intangible assets are measured as the difference between net disposal proceeds and the carrying amount of the intangible asset. The method and useful lives of finite life intangible assets are reviewed annually. Changes in the expected pattern of consumption or useful life are accounted for prospectively by changing the amortisation method or period.

Software

Significant costs associated with software are deferred and amortised on a straight-line basis over the period of their expected benefit, being their finite life of 5 years.

Impairment of non-financial assets

Non-financial assets are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount.

Recoverable amount is the higher of an asset's fair value less costs of disposal and value-in-use. The value-in-use is the present value of the estimated future cash flows relating to the asset using a pre-tax discount rate specific to the asset or cash-generating unit to which the asset belongs. Assets that do not have independent cash flows are grouped together to form a cash-generating unit.

Note 1. Significant accounting policies (continued)

Trade and other payables

These amounts represent liabilities for goods and services provided to the company prior to the end of the financial year and which are unpaid. Due to their short-term nature they are measured at amortised cost and are not discounted. The amounts are unsecured and are usually paid within 30 days of recognition.

Contract liabilities

Contract liabilities represent the company's obligation to transfer goods or services to a customer and are recognised when a customer pays consideration, or when the company recognises a receivable to reflect its unconditional right to consideration (whichever is earlier) before the company has transferred the goods or services to the customer.

Lease liabilities

A lease liability is recognised at the commencement date of a lease. The lease liability is initially recognised at the present value of the lease payments to be made over the term of the lease, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the company's incremental borrowing rate. Lease payments comprise of fixed payments less any lease incentives receivable, variable lease payments that depend on an index or a rate, amounts expected to be paid under residual value guarantees, exercise price of a purchase option when the exercise of the option is reasonably certain to occur, and any anticipated termination penalties. The variable lease payments that do not depend on an index or a rate are expensed in the period in which they are incurred.

Lease liabilities are measured at amortised cost using the effective interest method. The carrying amounts are remeasured if there is a change in the following: future lease payments arising from a change in an index or a rate used; residual guarantee; lease term; certainty of a purchase option and termination penalties. When a lease liability is remeasured, an adjustment is made to the corresponding right-of use asset, or to profit or loss if the carrying amount of the right-of-use asset is fully written down.

Employee benefits

Short-term employee benefits

Liabilities for wages and salaries, including non-monetary benefits, annual leave and long service leave expected to be settled wholly within 12 months of the reporting date are measured at the amounts expected to be paid when the liabilities are settled.

Other long-term employee benefits

The liability for annual leave and long service leave not expected to be settled within 12 months of the reporting date are measured at the present value of expected future payments to be made in respect of services provided by employees up to the reporting date using the projected unit credit method. Consideration is given to expected future wage and salary levels, experience of employee departures and periods of service. Expected future payments are discounted using market yields at the reporting date on national government bonds with terms to maturity and currency that match, as closely as possible, the estimated future cash outflows.

Defined contribution superannuation expense

Contributions to defined contribution superannuation plans are expensed in the period in which they are incurred.

Fair value measurement

When an asset or liability, financial or non-financial, is measured at fair value for recognition or disclosure purposes, the fair value is based on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date; and assumes that the transaction will take place either: in the principal market; or in the absence of a principal market, in the most advantageous market.

Fair value is measured using the assumptions that market participants would use when pricing the asset or liability, assuming they act in their economic best interests. For non-financial assets, the fair value measurement is based on its highest and best use. Valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, are used, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

Note 1. Significant accounting policies (continued)

Goods and Services Tax ('GST') and other similar taxes

Revenues, expenses and assets are recognised net of the amount of associated GST, unless the GST incurred is not recoverable from the tax authority. In this case it is recognised as part of the cost of the acquisition of the asset or as part of the expense.

Receivables and payables are stated inclusive of the amount of GST receivable or payable. The net amount of GST receivable from, or payable to, the tax authority is included in other receivables or other payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to the tax authority, are presented as operating cash flows.

Commitments and contingencies are disclosed net of the amount of GST recoverable from, or payable to, the tax authority.

Note 2. Critical accounting judgements, estimates and assumptions

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts in the financial statements. Management continually evaluates its judgements and estimates in relation to assets, liabilities, contingent liabilities, revenue and expenses. Management bases its judgements, estimates and assumptions on historical experience and on other various factors, including expectations of future events, management believes to be reasonable under the circumstances. The resulting accounting judgements and estimates will seldom equal the related actual results. The judgements, estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities (refer to the respective notes) within the next financial year are discussed below.

Employee benefits provision

As discussed in note 1, the liability for employee benefits expected to be settled more than 12 months from the reporting date are recognised and measured at the present value of the estimated future cash flows to be made in respect of all employees at the reporting date. In determining the present value of the liability, estimates of attrition rates and pay increases through promotion and inflation have been taken into account.

Note 3. Revenue

	2022 \$	2021 \$
<i>Revenue from contracts with customers</i> Membership subscriptions	2,220,882	2,177,444
Research project funding from members Interest revenue	954,250 8,207	3,014,996 14,823

Note 9. Current assets - other

	2022 \$	2021 \$
Prepayments	54,932	21,541
Note 10. Non-current assets - property, plant and equipment		
	2022 \$	2021 \$
Computer equipment - at cost Less: Accumulated depreciation	2,635 (2,635)	2,635 (1,647)
		988

Reconciliations

Reconciliations of the written down values at the beginning and end of the current financial year are set out below:

	Computer Equipment \$	Total \$
Balance at 1 July 2021 Depreciation expense	988 (988)	988 (988)
Balance at 30 June 2022	<u> </u>	
Note 11. Non-current assets - right-of-use assets		
	2022 \$	2021 \$

	\$	\$
Land and buildings - right-of-use Less: Accumulated depreciation	79,979 (47,988)	79,979 (31,992)
	31,991	47,987

Additions to the right-of-use assets during the year were \$Nil and depreciation charged to profit or loss was \$15,996.

The company holds a lease with SA Water for office accommodation at its principal place of business. The lease continues for a term as long as the parties agree but can be terminated by either party at 120 days written notice. The annual rental is \$16,468 and has been provided to the company at a below market rate. The company has measured the right-of-use asset at cost in accordance with AASB 16. There are no specific restrictions on use.

This arrangement has been recognised as an enforceable lease in accordance with AASB 16. As a consequence of its below market value nature, the economics of the contract mean that the company would not exercise its right to terminate the lease with no more than an insignificant penalty, with the lease term estimated as 5 years.

The company holds a short-term lease which have been expensed as incurred and not capitalised as right-of-use assets.

Note 11. Non-current assets - right-of-use assets (continued)

Reconciliations

Reconciliations of the written down values at the beginning and end of the current financial year are set out below:

	\$	Total \$
Balance at 1 July 2021 Depreciation expense	47,987 (15,996)	47,987 (15,996)

	38,826	159,388

Note 26. Related party transactions

(a) Key management personnel

Disclosures relating to key management personnel are set out in note 22.

Note 26. Related party transactions (continued)

(b) Remuneration of specified directors

The Chairman and an Independent Director are paid an annual fee and reimbursed for reasonable expenses incurred in executing duties of the role. Other Non-Executive Directors are not paid but are reimbursed for reasonable expenses incurred in attending Board meetings and executing their directors' duties. Income paid or payable, or otherwise made available to:

	2022 \$	2021 \$
Chairman and Independent Director of the company in connection with the management of affairs of the company	55,767	51,740

(c) Other transactions with Directors and Director-related entities

The following Directors are employees of member organisations who pay membership fees either in cash or by in-kind value in accordance with the fees as determined by the Member Agreement for their category of membership.

- D Evans (from 4 November 2021), Water Corporation (WA), Utility Member Band 1
- D Bergmann, South East Water (Vic), Utility Member Band 2
- S Porter, Power and Water Corporation (NT), Utility Member Band 3
- D. Sheehan (to 4 November 2021), Coliban Region Water Corporation (Vic), Utility Member Band 4
- S. Gray (from 4 November 2021), Victoria University (Vic), University Member R. Henderson (to 4 November 2021), University of NSW, University Member
- C Saint (to 4 November 2021), University of South Australia, University Member
- H Stratton (from 4 November 2021), Griffith University (Qld), University Member
- D Hoefel (from 31 January 2022), Australian Water Quality Centre (SA), Research Member
- A Jackson (to 17 January 2022), Australian Water Quality Centre (SA), Research Member

Organisations represented by Directors engage in Water Research Australia Limited research projects towards which Water Research Australia Limited contributes funding. Those organisations also contribute cash and in-kind value to Water Research Australia Limited research projects. Details of research projects are provided in the Annual Report and the Annual Program Update publication.

Accommodation and services are provided by the South Australian Water Corporation (SA Water) under a memorandum of understanding (MOU) which is cancellable by either party with 120 days notice. The terms of the MOU allow Water Research Australia Limited to operate in the offices of SA Water with rent and services provided 90% in-kind and 10% by invoice for cash. Accommodation is also provided by Melbourne Water under an agreement cancellable by either party with 30 days notice. The terms of the agreement allow Water Research Australia Limited to operate in the offices of Melbourne Water with rent payable annually in arrears.

Terms and conditions

All transactions were made on normal commercial terms and conditions and at market rates.

Note 27. Events after the reporting period

No matter or circumstance has arisen since 30 June 2022 that has significantly affected, or may significantly affect the company's operations, the results of those operations, or the company's state of affairs in future financial years.

In the directors' opinion:

- the attached financial statements and notes comply with the Corporations Act 2001, the Australian Accounting Standards Simplified Disclosures, the Australian Charities and Not-for-profits Commission Act 2012, the Corporations Regulations 2001 and other mandatory professional reporting requirements;
- the attached financial statements and notes give a true and fair view of the company's financial position as at 30 June 2022 and of its performance for the financial year ended on that date; and
- there are reasonable grounds to believe that the company will be able to pay its debts as and when they become due and payable.

Signed in accordance with a resolution of directors made pursuant to section 295(5)(a) of the Corporations Act 2001.

On behalf of the directors

Jebaah Gars

Mark Gobbie Director

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF WATER RESEARCH AUSTRALIA LIMITED

Opinion

We have audited the financial report of Water Research Australia Limited, which comprises the statement of financial position as at 30 June 2022, the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies, and the director's declaration.

In our opinion, the accompanying financial report of the Water Research Australia Limited is in accordance with the *Australian Charities and Not-for-profits Commission Act 2012;* including:

- (i) giving a true and fair view of Water Research Australia Limited's financial position as at 30 June 2022 and of its financial performance for the year then ended; and
- (ii) complying with Australian Accounting Standards Simplified Disclosures and Division 60 of the *Australian Charities and Not-for-profits Commission Regulation 2013*.

We have obtained all of the information and explanations required from Water Research Australia Limited.

Basis for opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the entity in accordance with the ethical requirements of the *Australian Charities and Not-for-profits Commission Regulation 2013* and the ethical requirements of the Accounting Professional & Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants* (*including Independence Standards*) (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other information

The directors are responsible for the other information. The other information comprises the information in the director's annual report for the year ended 30 June 2022, but does not include the financial report and the auditor's report thereon.

Our opinion on the financial report does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of the other information we are required to report that fact. We have nothing to report in this regard.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF WATER RESEARCH AUSTRALIA LIMITED (CONT)

Director's responsibility for the financial report

The directors of Water Research Australia Limited are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards – Simplified Disclosures and the *Australian Charities and Not-for-profits Commission Act 2012* and for such internal control as the directors determine is necessary, to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the directors are responsible for assessing the entity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting, unless the directors either intend to liquidate the entity, or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibility for the audit of the financial report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit, in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control.
- Evaluate the appropriateness of accounting policies used, the reasonableness of accounting estimates and related disclosures made by those charged with governance.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists, related to events or conditions that may cast significant doubt on the entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report, or if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the entity to cease to continue as a going concern.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF WATER RESEARCH AUSTRALIA LIMITED (CONT)

Auditor's responsibility for the audit of the financial report (cont)

 Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
